STRENGTHS

I take great pleasure in puzzles and problem-solving, approaching each new problem with a commitment to understanding the underlying issues and thinking of effective solutions. My goal is always to identify the root causes, implement fixes, and develop strategies to prevent future occurrences of these problems.

EXPERIENCE

DECEMBER 2021 - CURRENT

Admin assistant | Little Einsteins Preschool | Umhlanga Ridge

Key responsibilities : data capture and reconciliation of monthly accounts. Debtors collection and allocating of receipts, of extra mural income. Updating of staff human resource records. Filing. Assisting class teachers with printing of their curriculum. Assisting the school with events setup. Various adhoc maintenance in and around the school. Various IT functions, ie printer maintenance, device setups, connecting to the network. Responsible for the ordering of computer consumables.

EDUCATION

Home Schooled at Bluff Learning Centre | Matric | 2021

IIE Varsity College | Higher Certificate in Mobile App and Web Development [graduated with distinction] | 2022

IIE Varsity College | 2nd year of Bachelor of Computers and Application Development | 2023 to current [to graduate in 2025]

ABOUT ME

I am a dedicated and hardworking scholar with a strong passion for tackling challenges and learning new things. My expertise spans web, mobile, and computer application design, alongside experience in device setup and configuration. I have a solid understanding of networks, network management, and cloud development, and have done basic work with MySQL databases and systems analysis and design.

In terms of programming languages, I have worked with HTML and CSS for web building and design, Kotlin and React Native for mobile app development, and Java and C# for computer app development. Additionally, I have studied a course on UI and UX design, further enhancing my ability to create user-friendly and aesthetically pleasing applications.
